Software developer

IMP³rove - European Innovation Management Academy

About IMP³rove – European Innovation Management Academy:

IMP³rove – European Innovation Management Academy (www.improve-innovation.eu) is a fast growing start-up and subsidiary of management consultancy A.T. Kearney. We offer innovation management-related services to enterprises, consultants, financial actors, intermediaries, academics and policy makers. With a global network and the world's largest in-depth innovation management benchmarking database, we have set the standard for innovation management assessment. IMP³rove – European Innovation Management Academy emerged from the European Commission's flagship program "IMP³rove" and has been advising the World Economic Forum on Entrepreneurship and Collaborative Innovation.

Key responsibilities:

- Development, maintenance, and support of www.improve-innovation.eu, including the IMP³rove online benchmarking platform and web-shop; opportunity to develop into software architect's role
- Close interaction with our team of innovation experts and external partners to co-develop contents and enhance user experience
